GARDEN from page 4

Here, the intricacies of color and form can be fully appreciated, whereas in the garden out front they would be lost. Experiment with a variety of flower and foliage shapes and color schemes.

Don't be afraid to use delicate or small flowers, or those that are mottled or two-tone. Likewise, variegated and cut-leaf foliage can make for interesting inspection if properly paired with surrounding plants.

Similar beds or container plantings can be planned for patio or pool-side, or for other areas within the landscape that might be suitable for entertaining. Simply tailor the gardens to the timeframe in

which these locations are used most often, and choose your plants accordingly.

Next week we will get into the "nitty-gritty" of each of the three seasons: spring, summer and fall, and how to capture the essence of each in your plantings. You too can have museum quality gardens within your home landscape!
